Zero to Hero: Priyanka Kumari's Inspiring Journey

Priyanka Kumari's life seemed like an uphill battle from the very beginning. Born into a middle-class family in KUMARDHUBI, Dhanbad, she faced numerous challenges early on. At the tender age of 17, Priyanka lost her father, and her mother, a daily wage worker, became the sole provider for the family. Despite these hardships, Priyanka never gave up on her education. She completed her schooling at a government school, overcoming many struggles along the way.

From a young age, Priyanka was acutely aware of the financial challenges her family faced, but rather than being discouraged, it fuelled her determination. Her resolve to rise above adversity and build a brighter future only grew stronger with time.

After completing her education, Priyanka was determined to find a platform where she could establish herself and support her family. It was during this time that a friend informed her about Coal India's Skill Development Training Programme in Dhanbad. Eager to explore new opportunities, Priyanka, along with her mother, visited the center to gather more details about the course. After learning all the necessary information, she decided to enroll in the General Duty Assistant (GDA) course. This decision marked the beginning of a transformative journey that would change the course of her future.

After completing her training, Priyanka attended a campus placement drive at the Dhanbad center. There, she was selected by Apollo Hospital in Kolkata for the position of Patient Care Assistant, with a monthly salary of Rs. 11,000. She was ecstatic about this opportunity, as it was a pivotal step toward achieving financial security and building a brighter future for herself and her family.

Through dedication and commitment, Priyanka built the skills and confidence needed to excel. Today, she is a shining example of what is possible when you believe in yourself and put in the effort. Her journey from zero to hero inspires others to chase their goals, no matter the obstacles in their path."
